

EMERGENCY PROCEDURES

Form 06-44G

Revised 11-05

Important Phone Numbers

Hospital	
Ambulance	911
Police	911 Or Non Emergency Number:
Fire Dept.	911 Or Non Emergency Number:
Base Camp	
Host Church	
Camp Director	
Safety Coordinator	
Host Church Pastor	

What To Do In Case Of Emergency

1. In case of a medical emergency **call 911 first**, then call the Base Camp to report the emergency and arrange for someone to meet you at the hospital.
2. *Never* leave the rest of the work team alone. If possible the Color Group Leader or an adult from Base Camp will stay at the work site with the rest of the team. If this is not possible, take the entire team to the hospital with you.
3. If the situation is considered a non emergency, but requires a hospital or doctor's visit, the adult will drive the entire team.
4. If the adult is the injured / ill team member, a predesignated licensed driver will drive the team. Another team member will call the Base Camp to report the situation.
5. If the press should arrive and ask questions, do NOT talk about the incident. Direct them to the Camp Director.
